Lt. Col. Fred C. Wayand
G-3, U. S. Army
Fort Shafter, T. H.

Dear Colonel Wayand

It is my desire at this time to express appreciation for the cooperation and efficient service rendered the Hawaii Bureau of the Foreign Broadcast Information Service, Kakahe, Hawaii by Capt. A. H. Bellamy of your organization.

Capt. Bellamy was temporarily assigned as Liaison Officer between the Army and the Foreign Broadcast Information Service in Hawaii. During the period of this assignment he devoted many hours and much effort over and above what could normally be expected as his duties. Upon one occasion he handled a particularly difficult case of transporting via Army Transport the wife and children of one of our employees who had been transferred to Tokyo. In handling this case Capt. Bellamy worked tirelessly to assure that all was in order for the trip and that the employee's dependents were assured every possible comfort. This case was typical of the manner in which Capt. Bellamy has rendered efficient service to this Bureau.

Since it is understood that Capt. Bellamy has been transferred to other duties it is requested that copies of this letter be sent to him through his present Commanding Officer.
